

WHAT THEY SAY ABOUT CAARI...

"The CAARI Program provides a level of service and professionalism that is second to none. Their tours takes us to sites that are not on other itineraries.

Volunteering gives us the local flavoring of Israeli life and an opportunity to 'give back'. The CAARI Program is well balanced, creative, and just plain fun!" says Mark Weiss, from Peabody, Massachusetts.

Abe & Sharon *"CAARI was an inspirational, educational & an emotional experience. When you join the trip you sense the coordination and extensive planning that was done by its leaders. Every aspect of the volunteering, the outstanding speakers and the unique touring sites were carefully planned and scheduled with the participants in mind. We felt a closer tie to Israel and every aspect of its culture, people, and religion."*

Frances Dvorchik, from Toronto, *"CAARI represents all that is wonderful about being Jewish in Israel. It is volunteering, helping kids plant trees on Tu B'Shvat and many opportunities to 'meet the people.' We tour Israel and experience not only the regular tour sites, but also sites off the beaten track. Our evenings are busy with a roster of speakers and activities. CAARI offers the chance to feel even more amazed at the work undertaken by JNF."*

CAARI – AN ALTERNATIVE & MEANINGFUL WINTER IN ISRAEL

Since 1983, over 3,000 retirees from the USA and Canada have skipped the classic ritual of heading to Florida or Palm Springs for the winter, choosing instead to spend the season in Israel with the Canadian & American Active Retirees in Israel (CAARI) Program.

The CAARI program, designed for the active 50+ age group, offers an in-depth view of Israel connecting you with Eretz Yisrael and the people of Israel. Whether traveling through the Country, meeting Israelis and working side by side with them, is what CAARI is all about!
